

## Gender of Liable Person in a Crash

|      | Male  | Female | Unspecified |
|------|-------|--------|-------------|
| 2006 | 2,463 | 1,229  | 141         |
| 2007 | 2,337 | 1,159  | 103         |
| 2008 | 2,162 | 1,144  | 102         |
| 2009 | 2,225 | 1,159  | 98          |
| 2010 | 2,076 | 1,115  | 94          |
| 2011 | 2,072 | 1,144  | 92          |
| 2012 | 1,918 | 1,056  | 98          |
| 2013 | 1,946 | 1,098  | 75          |
| 2014 | 1,786 | 996    | 73          |
| 2015 | 1,773 | 946    | 52          |
| 2016 | 1,822 | 977    | 52          |
| 2017 | 1,678 | 982    | 60          |
| 2018 | 1,687 | 980    | 66          |
| 2019 | 1,773 | 1,123  | 82          |
| 2020 | 1,997 | 1,141  | 82          |
| 2021 | 2,031 | 1,184  | 81          |
| 2022 | 2,041 | 1,145  | 96          |
| 2023 | 2,008 | 1,205  | 80          |
| 2024 | 1,960 | 1,039  | 88          |
| 2025 | 2,044 | 1,030  | 91          |
| 2026 | 628   | 300    | 39          |

Notes : These figures are for any person deemed partly or wholly liable for the crash, where determined. Liability is only determined if a personal injury claim ensues, so these figures only relate to crashes involving a claim.

There may be cases of multiple liability (e.g two drivers, each 50% liable) included in the above.

"Unspecified" includes untraced drivers involved in a hit & run crash.

Year indicates the CALENDAR year in which the crash occurred.

For the latest year, the figures are up to 30/06/2026.
