Catastrophic Injuries Support Scheme

Medical Experts sought for Dispute Resolution Panels

The Catastrophic Injuries Support scheme provides necessary and reasonable treatment, care and support for people who sustain an eligible spinal cord injury, traumatic brain injury, amputations, burns or permanent blindness from a motor vehicle crash in Western Australia.

The Insurance Commission of Western Australia seeks expressions of interest from medical specialists and allied health professionals to perform expert review panel roles as medical experts, convenor and deputy convenor.

Expert review panels will be convened to resolve disputes about medical eligibility for participation in the scheme and any disputes about the treatment, care and support needs of participants.

The information pack and expression of interest form can be obtained by emailing mvicisupport@icwa.wa.gov.au

Please express your interest by 10 March 2017.
