

GRADUATES

Careers

[Home](#) / [Careers](#) / **Graduates**

The Insurance Commission actively seeks graduates and young professionals to join our organisation. We offer training and professional development to build your career and help you achieve your goals. Working with us will provide you with public sector experience and a skill set that is transferable to the global financial service and insurance industries.

We are currently investigating additional pathways to increase the number of graduates and will update this section when we have more information. In the interim, please check our current [Vacancies](#).
