

TRAINING

Government Insurance

[Home](#) / [Government Insurance](#) / **Training**

We offer training for agencies to assist in managing their injuries, risk to the agency and to assist in reducing the incidence, severity and financial impact of adverse events.

In 2019 we are pleased to offer four [Injury Management for Line Managers](#) programs.

We have recently developed a new program to assist those people responsible for submitting claims on behalf of their agency, particularly those people new to [workers' compensation](#). Injury management is an important aspect of managing a claim, so in addition we would recommend that anyone who attends the new program follow this with attendance at the half day [Fundamentals of Injury Management](#) program.

Registrations for all programs will commence approximately one month prior to the scheduled date.

If you have any queries about our programs or your agency has any specific training needs please do not hesitate to [contact us](#).

Training Calendar

Injury Management for Line Managers (Oct)	16th October 2019	Register
---	-------------------------	--------------------------

If you have recently attended an Injury Management for Line Managers or Fundamentals of Injury Management session you may want to view some of our [useful tools](#) to support your learning.

Please do not hesitate to [contact us](#) to request specific training for your agency.

See the [WorkCover WA](#) and [WorkSafe WA](#) websites for related seminars and events.
